

TED

Ideas worth
spreading

TED is a nonprofit devoted to spreading ideas, usually in the form of short, powerful talks (18 minutes or less). TED began in 1984 as a conference where Technology, Entertainment and Design converged, and today covers almost all topics — from science to business to global issues — in more than 100 languages. Meanwhile, independently run TEDx events help share ideas in communities around the world.

Life's Third Act

We will screen and then discuss Jane Fonda's TED Talk, Life's Third Act. Within this generation, an extra 30 years have been added to our life expectancy — and these years aren't just a footnote. Jane Fonda asks how we can re-imagine this new phase of our lives.
